Asst. Chief Todd Calkins

Treasurer Barbara Miller

Others Present: Pat Davis

Brian Fay

Chad Cunningham

Meeting called to order by Chairman McKenna

PC Chair Report and Discussion Items

K. McKenna stated that a few months ago the PC voted to take Engine 4 out of service and that he had a conversation this morning with Chief Brady. The PC received an email from Chief Brady stating that the work discussed at the last PC meeting had been completed by Five Star and the pump was certified by the tech who did the original testing from Greenwood and he requested an emergency meeting of the PC to put the engine back in service. K. McKenna showed the invoice in the amount of \$1,313 to R. Constant. K. McKenna stated that he had a conversation with Five Star and was told the engines were in good shape for their age because they have been well maintained. Chief Brady stated that they minimum amount of work had been done to get the pump to pass the vacuum test; stating that the pump was certified and the engine is road worthy and would like permission to put it back in service. R. Constant said that this invoice was different from the amount they were originally looking at. Chief Brady said that the bare minimum was done to get it to pass the test, adding that the tires are ten years old. K. McKenna asked if it was capable of putting out fires, Chief Brady responded yes.

R. Constant made a motion to put Engine 4 back into service, K. McKenna second. The motion passed unanimously.

- The next regular District meeting will be July 17, 2018 at 6:00 p.m.

Respectfully submitted,

Barbara Miller, Treasurer
